
Financial Support for Bursaries to attend the 7th ReDi Conference “Beyond Services Towards Justice” in Berlin, 12-14 September 2019

The committee of hosts of the 7th ReDi Conference “Beyond Services Towards Justice” (Eurodiaconia, Diakonie Deutschland, Diakoniewissenschaftliches Institut der Universität Heidelberg and ReDi) have some funds to support bursaries for participants planning to attend the conference.

This funding is aimed at participants who cannot access other funds for conference participation, in particular in the global South and Eastern Europe. Funding presupposes an accepted paper, poster session, workshop or research group presentation (exceptions from this rule can only be made in justified cases upon the discretion of the conference organizers). The support does not cover the total expenses but gives a substantial contribution to make the participation possible. The contribution normally does not extend 350 € within Europe and 700 € for intercontinental travelling.

The funds for bursaries are limited. Only applicants with an accepted contribution to the conference are considered. The application should contain name, present position, preliminary budget for the travel expenses and title of the accepted paper, poster session, and workshop or research group presentation. Please think of the most cost efficient way of travel and accommodation.

Please send your application not later than 22nd June 2018 to Annette Rose Leis-Peters at AnnetteRose.Leis-Peters@vid.no and Florian Tuder florian.tuder@eurodiaconia.org. You will be informed about the outcome before the 29th June 2018.
